Network

With a shared vision for building the capacity of those who lead, teach, and serve students in Ohio's schools and beyond, we are excited to continue our partnership with the Ohio Department of Education and the Ohio PBIS Network to host the 2022 OLAC & PBIS Showcase.

This one-day, virtual conference is designed to share powerful examples about how district, building, and teacher-based teams are working together to impact all learners AND showcase Ohio's schools implementing PBIS with high fidelity.

For the past two years, thousands of Ohio superintendents, principals, teachers, counselors, and others have participated in this FREE professional learning event.

New Format This Year—30+30

This year, we are excited to offer a flexible learning experience with more live and on-demand learning options, and additional opportunities for presenters and attendees to engage in real time.

This year's conference will feature three live keynote speakers and 19 on-demand, pre-recorded learnings sessions from Ohio districts, schools, and organizations. Each on-demand session will be 30 minutes and each presentation team will have a designated time slot on December 6 to host a live Zoom Q&A session regarding their presentation.

This year's theme, *All in For Ohio's Schools, Students & Communities*, will include sessions aligned around three strands:

- Leading, learning, and connecting in all learning environments
- Supporting the whole child, including trauma-sensitive practices and student well-being
- Ensuring equitable learning opportunities

HIGHLIGHTS

- 19 sessions to choose from
- Keynote speakers—Michael Fullan, Polly Bath, and Kim St. Martin
- Networking and collaboration opportunities with presenters
- Access to all recorded sessions and materials following the event
- Opportunity to earn contact hours

WELCOME & AWARDS | 8:30 – 9 A.M.

Remarks from OLAC & PBIS Teams OLAC Awards & Recognition

LIVE KEYNOTE | 9 – 10 A.M.

Michael Fullan, Co-Director, New Pedagogies for Deep Learning **Leading Change for School and System Success**

Despite some of the challenges facing our educational system, there are many promising examples of breakthrough successes that involve whole systems. These new developments focus on global competencies, new pedagogies, and the transformation of school and district culture. These developments are based on what Fullan calls the *human paradigm* and are produced through the joint determination of leaders and implementers—teachers, students, and community—working together. Learn more about case examples of successes in action.

LIVE Q&A WITH PRESENTERS | 10:15 – 10:45 A.M.

LIVE KEYNOTE | 11 A.M. – 12 P.M.

Polly Bath, Behavior Trainer/Consultant **We Can Do This! Behavior, Academic Gaps, and How to Get Back to School That Works**

During the last two and a half challenging years, the typical school day was everything BUT typical. Skills have been lost, behaviors have accelerated, and we'd all like to know where our confidence has gone. We are exhausted. However, there are behaviors to deal with and academic gaps to close. Returning to normal has turned out to be daunting. Polly Bath will breathe life and energy into the future of our classrooms by helping us understand why behaviors have escalated and why academic gaps now exist. And, she will answer the call of, "What are we going to do about this?"

STUDENT PANEL | 12:30 – 1:30 P.M.

LIVE Q&A WITH PRESENTERS | 1:45 – 2:15 P.M.

LIVE KEYNOTE | 2:30 – 3:30 P.M.

Kim St. Martin, Michigan Multi-Tiered System of Support Technical Assistance Center **ALL in for Districtwide Support for Evidence-based Practices**

Supporting educators and leaders to effectively use, sustain, and scale-up evidence-based practices requires district leaders to attend to the components of a district implementation infrastructure. Explore the types of processes and procedures districts should have for district-wide implementation, including processes to review and select evidence-based practices, identify and remove barriers, and align similar evidence-based practices. The highlights of implementation research will also be shared and how to engage vertical and horizontal teams to distribute the leadership to assist in using evidence-based practices.

LIVE Q&A WITH PRESENTERS | 3:30 – 4 P.M.
